

# Ballybunion Insignia Defined Returns Fund

## Monthly Factsheet – February 2023 – Class B Shares (Euros)

*For qualifying investors only – this is a **capital at risk** investment product which means that clients may lose part or all of their investment and therefore it may not be suitable or appropriate for all potential investors.*

### Investment objective and strategy

The investment objective of the Fund is to generate long-term capital growth. The Fund has a target return of 7-9% per annum over rolling five-year periods. It invests in a diversified pool of defined-return equity strategies (structured products) (“Notes”). The Fund aims to produce positive returns in all but extreme negative equity market scenarios.

The Fund will primarily invest in Euro denominated Notes which are structured as autocall or kickout type payoffs. The Fund may also invest in different payoff structures and/or GBP or USD denominated Notes. The Fund can invest in index-based Notes, single and multiple, stock basket-based Notes and single stock Notes. The Fund will usually hold ten to fifteen Notes, with an approximately equal split by notional value and counterparty exposure.

### Monthly update

Post a very strong start to the year, February proved to be more mundane. The Fund declined by 0.8% on the month. The MSCI World Index (in USD) declined by 2.5% for February. The S&P and Dow fell 2.6% and 4.2% respectively. The month passed without any major event. A number of Notes passed their autocall observation points without being called. As a result, the next autocall barrier (step down feature) is now lower and the next call price is higher (accruing coupons as time goes by).

Volatility increased slightly through the second half of the month and we are actively monitoring new trades with a view to deploying some cash if we can access the correct terms. Given the current position of the overall portfolio and a healthy cash position, we feel that we are well placed, regardless of what market environment unfolds for the remainder of the year.

### Key facts
